

LUCAS CABILÓ

3D GENERALIST

CHARACTER: JOSH

PROFILE

I'm an Unreal Generalist and 3D character artist looking to work at a place with exciting projects, to create great projects and tell a good stories.

I'm a flexible professional that likes to work in a team, exchange experiences, tips and feedback.

Problem-Solving is something that I'm used to, I'm comfortable with figuring out what's the problem and how to fix it.

I've been working as a 3D Generalist for the past 3 years in several projects, from animations, movies, shorts and games.

I have a big passion for games, coop, single player, competitive, I've been playing since six years old, never stopped and I hope I'll never will.
